Sir:

Applicants have received the stamped, return postcard which was
originally attached to the above-identified patent application when filed on September 27,
2001. The returned, stamped postcard indicates the Serial Number and Filing Date
assigned to the above-referenced patent application as 09/965,169 (filed September 27,
2001). The next communications received from the Patent Office were the official Filing
Receipt and the Notice to File Missing Parts of Nonprovisional Application. Both
documents correctly indicate the September 27, 2001 filing date; however, the Serial
Number appears on both documents as 09/965,569. Attached are red-marked copies of

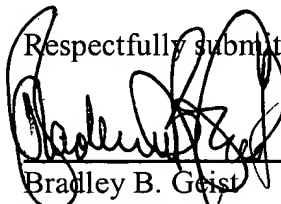

the return postcard, the official Filing Receipt and the Notice to File Missing Parts showing the error.

Applicants have since filed a Submission of Priority Document based upon the 09/965,169 Serial Number. Applicants have also filed a German Declaration, Assignment and Assignment Recordation Cover Sheet in response to the Notice of Missing Parts based upon the 09/965,569 Serial Number.

In order to cease confusion, applicants request that a new, corrected official Filing Receipt be issued. Applicants also request that we receive confirmation from the Patent Office that the Declaration and Assignment documents have been received by the Patent Office and placed in the correct records for the Applicants of record: Martin Kiesel, Andreas Polz and Peter Wagner relating to the above-identified patent application. As noted on the attached, red-marked copy of the Notice of Recordation, the Assignment relating to the above-referenced patent application was issued to Reel/Frame 012462/0385.

Applicants do not believe any fees are required with this communication. However, should any fees be required, the Commissioner is hereby authorized to charge said fees to Deposit Account No. 02-4377. A duplicate copy of this page is provided.

Respectfully submitted,

Bradley B. Geist

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
